Yes, we do offer instalment plans.

Do you give certificate after completion of the course?

Yes, we give certificate after the successful completion of the course.

Do I need a degree in music to get a job in the field later on?

Degrees are a necessity for individuals who want to be a lawyer, doctor, scientist, or something of that nature. Degrees are not typical for people who want to work in the music industry (regardless of the position). After all, club managers, studio owners, record labels and event organizers will not ask proof of a degree. Rather, they'll be interested in knowing what your qualifications are and what you previously worked on.

I don't speak or understand English. Do you teach in Hindi?

Courses are taught both in English and in Hindi. Student can choose the language of study.
